I almost forgot, Buennon got married
on the 28, I was his best man. They
were married in the Post Chapel. His
mother and two little sisters were down
it was rather a quiet affair but
I guess there just as married as people
who make a big fuss over it.

I'm working on that February 3rd
deal. Things look better now than
they did when I first got back.

More later

Love and stuff
